

See for yourself how happy your loved-one will be at Hunters Lodge.

Hunters Lodge, 39 Kiln Road, Fareham PO16 7UQ

"I believe you shouldn't put a family member or friend in somewhere you wouldn't be 100% happy staying yourself. That's why I created care homes that not only meet the highest possible care home standards, but five-star hotel ones too."

Stephen Geach, Proprietor

Discover a care home in Fareham with a luxury hotel environment.

Hunters Lodge

Specialists in memory loss, dementia and Alzheimer's care for the elderly.

“A truly family oriented home for the elderly, where their care is paramount in everything they do.” - Donna G

Located in Fareham close to the town centre, Hunters Lodge offers a truly distinctive, comforting environment and the perfect balance between safety and privacy, so guests can live a full a life as possible.

Specialising in care for those with behavioural problems, memory loss, dementia and Alzheimer’s, there are a range of spacious, bright ground floor rooms that give guests the freedom to do the things they love, be it reading, watching TV, completing the crossword or having a natter. There’s also a large covered pergola and a large secluded garden that guests can easily access to relax in the shade of the trees.

All English Oak care homes are special, here’s what makes Hunters Lodge even more unique.

- Beautiful wheelchair-friendly garden with mature trees.
- Near to the town centre.
- Large air conditioned lounge with garden views.
- Two lounges and a library offering television, entertainment or a relaxing read.
- Two dining rooms.
- Raised planting beds and outdoor seating areas.
- Pergola.
- Hair salon.
- Garden set coffee shop.

Let our family take care of yours.

We’re a family-run business, one that takes great pride in delivering the highest standards of care. That’s why we create homes where everyone feels welcome, safe and content – a home our guests love and where they are treated as part of our family.

Tailored care.

We understand everybody is unique. That’s why all our guests are treated as individuals and their care is tailored to meet their specific needs and interests. At the same time, they’ll develop friendships in the wider group as they enjoy regular entertainment and outings that create and strengthen bonds. You’ll always be their family, but you can rest-assured, they’ll feel part of our extended one too.

Added luxury.

It’s not just our care teams that are exceptional, the homes themselves are specially created with the latest dementia-friendly design to make them secure and comfortable. Add in quality furnishings, fabrics, technologies and details and they become more than just wonderful care homes, but luxury ones where your loved-ones can be truly happy. And to keep the homes like this, we employ full-time maintenance staff.

First-class accommodation.

We have a choice of four room types, all are beautifully furnished, comfortable, and finished to the highest specification. First are our Standard Rooms, then the Deluxe Rooms with their larger floor area and garden views, followed by the ground floor Executive Rooms with direct garden access and lastly Master Suite, very large room with en suite shower and lounge area within the bedroom with great views.

Great training.

The members of our care team are nurtured, well-led and fully trained in all areas of care, from specialist dementia & Alzheimer’s to food hygiene and challenging behaviour. This training is continuous too, so they grow, develop and are always aware of the latest techniques, while also being able to respond to any changes in Person Centred Care as new information is made available. Just as important, they enjoy what they do and naturally deliver care with love and sensitivity.

State-of-the-art technology.

To deliver the best care, we invest in the latest technology. Like care management software, which uses smart phones to simplify admin – freeing up staff to dedicate even more time to guests. But it doesn’t stop there. Near Field Communication (NFC) monitors the care team’s movements during the night rounds. Guests can use Virtual Reality to trigger old memories and iPads to watch movies, listen to music and play games. There’s Wi-Fi throughout for guests – and visitors. And so much more.

Peace of mind.

We know by having a strong staff structure with Carer Banding System that supports all levels of care, and by designing and maintaining luxury homes, we can deliver the highest standards of care. However, we haven’t stopped there. We’ve put in place a daily, annual and independent audit system to provide us with frequent feedback and guidance to ensure our exceptional standards are always maintained.

Where five-star service comes as standard:

- Regular entertainment and outings.
- Delicious food served and cleared up after.
- Laundry washed, ironed and put away.
- Coffee shop – the perfect get away space for functions, a relaxing drink or afternoon tea & cakes.
- En-suite washrooms or bath/shower rooms.
- Round the clock drinks and snacks.
- Haircuts as often as you like.
- Chiropody, pedicures and manicures on request.
- Family can visit at any time and are fed free of charge.
- 1950s General Store selling everything from sweets to cards.
- Welcome pack – flowers, fruit basket, card, user guide and ribbon-wrapped towels.
- Electronic sign-in book where visitors can also order a free hot drink and sandwich.
