CARE HOME
SPECIALIST IN MEMORY LOSS,
DEMENTIA & ALZHEIMER'S
CARE FOR THE ELDERLY IN A
LUXURY STYLE ENVIRONMENT

OUR GUESTS LOVE THE HOME WE'VE CREATED,
AND YOU WILL TOO.

LUXURY STANDARDS

Shedfield Lodge is set in beautiful surroundings just outside of Wickham in the small parish of Shedfield. The lodge was built in the early 1700's where it started life as a stately home. Captain James George Crabb-Boucher was lucky enough to receive the lodge as a wedding gift from his father.

In the mid 18th century the lodge became the property of the Franklyn family who remained the owners through to 1956. Interestingly the Franklyns offered the lodge to the Canadian army during WWII as a base. You can still read names and dates written by Canadian soldiers on the walls of the cellar, including the odd saucy hand drawn picture!

During the 60's and 70's Shedfield Lodge was used as both a nursing home and a children's home helping local children with mental disabilities. In 1980 the Jones and Proctor families began to lease the property which led to the establishment of Shedfield Lodge Residential Care Home. It was in 2002 that the Geach family became the current proprietors of Shedfield Lodge, continuing the family run business in Shedfield.

Today the lodge provides a unique location for a care home, offering grand views over the surrounding countryside whilst still known as a local landmark.

WHAT SHEDFIELD LODGE HAS TO OFFER

TREATED AS AN INDIVIDUAL

It is fabulous to be part of a group, or family, but sometimes it is nice to be recognised as an individual that has very specific needs or interests, and we at Shedfield Lodge pride ourselves on recognising these points very early on so that we can deliver the very best individual care which may be quite uncommon and unique but important nevertheless.....

With our management team, a service that employs independent quality auditors that visits and reports every six months, staff that are trained continuously to keep ahead with the very latest techniques, two full time decorating staff to constantly keep the home fresh and clean, lifting aids to cater for the vast majority of conditions, luxury furniture and fabrics to ensure a high standard of living, and most important of all is a care workforce that enjoy what they do and deliver care with love and sensitivity.

Overall, it is a place for all the family, and being a father of four myself, I understand how important this is.

PROFESSIONAL STAFF

Our staff are fully trained in all areas of care that is an essential part in keeping our quality high and current. There are many facets to the training which include Dementia & Alzheimer's, First Aid, Moving & Handling, Drugs Administration, Health & Safety, Fire Evacuation, Food Hygiene, Adult Safeguarding, Hazardous Chemicals, Challenging Behaviour, Infection Control, Risk Assessments, Care Planning & Pressure Care. These are carried out regularly and all the staff are encouraged to further their skills with NVQ training in Care.

It is of vital importance to develop my staff so that they are aware of the ever changing techniques of caring for elderly people, from those physically disabled to those with mental care needs.

not live in our Workplace
We work in their Flame..."*

WHAT OTHERS SAY ABOUT US

"My father has been a resident for 15 months now. He is visited every day by both my sister and I. If we have any concerns at all, no matter how trivial, action is always taken immediately. I know that I speak for my whole family when I say that we couldn't have a chosen a better home from home for him."

*Denise E (Family)
Extremely likely to recommend*

"The care given to residents at Shedfield is very caring with lots of smiles. My husband has settled very well even when he was at his most awkward nothing was too much trouble from the management to carers also domestics. They all do an exceptional job there."

*Pam Baker (Family)
Extremely likely to recommend*

"I have nothing but praise for the management and carers at Shedfield Lodge. My husband went in early February he has always been treated with the best of care, respect and concern for his well being from every carer, domestics and management. The lodge is kept very clean including residents rooms. To sum up my husband could not be in a better place. Where all carers give 100% to all the residents, and they are always smiling, a very happy environment for them. Thank you to everybody from myself for the help and support given to me at all times."
